Increasing the required minimum credit hours earned per academic year from 24 to 30 credit hours beginning in year two of the award (and continuing in year three and four) addresses better alignment with the APS program and Shaping Alaska's Future (Theme 1: Student Achievement and Attainment). Students who do not take 30 credits or more annually simply will not graduate in four years.

Requiring incoming scholars to register for classes at UA for the fall semester immediately following high school graduation creates a significant financial incentive (\$12,000) to choose UA rather than attend outside or simply skip a year. Of the estimated 550 scholars that attend college outside of Alaska each year or take a year off, only about 50 return to UA. Students who defer attendance for the one year are considered less likely to return to school or graduate in six years.

Increasing the amount of the award from \$11,000 to \$12,000 (\$1,500 per semester) better aligns the program with suggestions by the board and others to increase the amount of the award, yet be financially reasonable and sustainable in the future.

The proposed revisions were reviewed by the chancellors and the president and recommended for approval. Although the revisions may not represent a direct "reduction of benefit," due to the potential adverse effects on certain individuals,
